REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Edisto Primary strives constantly to be a place of nurture and learning for young students. Truly a school where "Good Things Happen," the administration, faculty, staff, volunteers, parents and community members work together to help students achieve excellence and academic success. EPS has continually received an "Excellent" rating on the state report card since the onset of the statewide reporting system. Edisto Primary School has also received accreditation for the past thirty-eight years, including the current school year, through the Southern Association of Colleges and Schools.

The educational program of the school has been strengthened through the addition of instructional coaches. A literacy coach and math/science coach provide professional learning group meetings which offer times for teacher reflection and new learning in the areas of instruction and assessment. Attention to small-group instruction, hands-on explorations and student engagement has enhanced the school's focus on the growth of young readers, writers and thinkers. Students are aware of their always changing reading level and are directed to books which give them opportunities to practice reading strategies and move to the next level. They are involved in discovery learning through the use of science kit materials and math manipulatives.

MAP (Measures of Academic Progress) assesses second grade students three times a year through on-line testing. The data generated by this assessment is used to design instruction on individual and small group instructional levels. The addition of this tool has helped facilitate improvement in reading, math and language.

Partnership with parents and other community members through monthly family/parenting nights, grade level programs, newsletters, regular family conferences and home visits have strengthened the connection and improved communication between the school and the wider community. Continual improvement in this area is an ongoing focus.

In 2009, School Improvement Council combined and strengthened its efforts between the primary and elementary schools by creating one SIC that continues to enhance the school relationship between the community, parents, children and staff with more SIC sponsored activities. The list of projects includes Campbell's Soup labels, Box Tops for Education, donation of books to all EPS students, SIC incentives for students and teachers, as well as the project "Growing Together," featuring community farmers and students.

Edisto Primary continues to face the challenges of improving test scores and student attendance as well as motivating students to achieve to their fullest potential in all areas. We are also concerned with building good character and use the Positive Behavior Intervention Support model consistently. These are challenges which we willingly and confidently embrace as we boldly lead our young students into their future.
